

Zagg InvisibleShield Glass Curve Elite for Apple Watch S3 (42mm)

Shield your Apple Watch S3 (42mm) from unwanted elements with the Zagg InvisibleShield Glass Curve Elite. Protective and reliable, this Glass Curve Elite is built with a shock-absorbent layer that preserves your device's screen by blocking impacts. It also delivers precision touch sensitivity, ensuring you that your smartwatch will respond to every input you make. Key Features The Zagg InvisibleShield Glass Curve Elite is crafted with a curved fit that precisely follows the screen contours of your Apple Watch. Constructed with smooth tempered glass, this Glass Curve Elite lets you navigate your watch's features with ease. This is designed to help you safeguard your Apple Watch from impacts and scratches. For added protection, it is reinforced with a shock-absorbent layer. Thanks to its smudge-resistant finish, it lets you enjoy high-definition clarity when using your smartwatch. The Zagg Curve Elite utilises an EZ Apply Tray, enabling you to install it to your Apple Watch quickly. *Apple Watch shown not included.
