

# Level Series 0.0 Pillow by Bedgear

Curved Support! Curved to fit you just right, the Level Performance Pillow series have a crescent shape design to support your head, neck and shoulders while you sleep. This pillow is perfect for tummy sleepers or petite body frames. Featuring Bedgear's latest Dri-Tec® fabric surface with a hexagonal pattern, it wicks away moisture and is exceptionally soft to the touch. Fit the perfect pillow that's right for you and sleep cooler, drier and better for maximum recovery at night. Features: DRI-TEC 5.0 FABRIC SURFACE - Performance material wicks away heat and moisture to help you sleep cool and dry. Reducing heat trapped next to your body creates a restful night. AIR-X VENTILATED PANELS - 3D structure keeps air flowing, moving heat away from your head, neck and shoulders while maintaining ambient temperatures in the pillow core. A cooler pillow ensures less tossing and turning, so you get a better night's sleep for optimum recovery. REACT BLEND CORE - The core is made up of Bedgear's own blend of silk-feel fibres that create weightless support while conforming to your unique shape and alleviating pressure points. Please note: Your body type and preferred sleeping position determines the height of the pillow you need to ensure your spine is correctly aligned. We recommend that you are fitted with the correct size pillow by one of our bedding specialists in store before purchasing online.
