

# GoPro Protective Housing for Hero8

Engineered to safeguard your action camera from mud, dirt, and debris while travelling, the GoPro Protective Housing for Hero8 features a rugged and waterproof build that allows you to submerge your device underwater. Key Features Durability: This GoPro Housing is constructed with a sturdy and rugged build that can effectively shield your device against unwanted elements. Made waterproof, this housing also enables you to dip your device in the water up to 60m. Image Quality: To help you take photos with better image quality, it is built with a flat glass lens which can deliver sharp photos whether above or below the water. Protection: GoPro's Protective Housing is engineered with a skeleton backdoor which enhances the audio capture and allows you to use the touchscreen of your camera. Compatibility: This Protective Housing fits perfectly with GoPro HERO8 and delivers easy access to your camera's buttons and functionality. \*GoPro Hero8 not included
