

# Hahnel Unipal Mini Charger

Keep your camera, video cam, and mobile phone charged and ready for the day ahead with the Hahnel Unipal Mini Charger. With its small build, you can bring this battery charger on your trips and travels. You can also utilise it as a backup for emergencies. Key Feature Built with well-made adjustment wheels, this mini charger enables you to adjust the charger contacts to boost up the power of your compatible battery. Thanks to the included Micro USB cable, charging your batteries is more convenient than ever. Simply plug this to any USB port, connect your battery, and wait for it to replenish. For additional convenience, this Unipal Mini Charger has a LED indicator. It lets you see if your battery is still charging or already full. Charging time per battery takes up to 3 hours per 1000mAh. This Hahnel Unipal Mini Charger is suitable to use with both 3.6, 3.7V, 7.2, and 7.4V batteries. \*Battery shown not included.
