

Belkin 2.0 USB-A to USB-B Transfer Cable - 1.80m

Used in conjunction with a compatible printer, the Belkin 2.0 USB-A to USB-B Transfer Cable lets you bolster your productivity and print your documents quickly. This transfer cable has a connection speed of up to 480 Mbps, enabling you to do more and accomplish your printing tasks at a fast rate. Key Features To help you save time and transfer your files quickly, the Belkin USB 2.0 A-B Printer Cable delivers up to 480 Mbps data transmissions. Thanks to its integrated gold-plated contacts and a braid-over-foil shield, this Belkin Transfer Cable lets you enjoy a seamless connection and reduced interference. With its length of 1.8 metres, the Belkin USB-A to USB-B Cable lets you operate your connected device from an ample distance. This Belkin Cable features a durable design with moulded-strain relief, ensuring you that it is tough enough for everyday use.
