

# Belkin CAT6 Network Cable - 3m

Belkin offers CAT6 copper cables and connectivity products that feature quality components and utilise advanced manufacturing techniques to ensure consistent, top-quality network performance. All Belkin cables are certified and tested to exceed the industry cabling standards, and come with a lifetime guarantee.

**Key Features**

**Clear Signal Reception:** The RJ45 connectors of the Belkin 3m CAT6 Network Cable are equipped with internal load bars and 50-micron gold-plated connectors for clear signal reception.

**Speed:** Built from Unshielded Twisted Pair (UTP) wires, this snagless cable meets the CAT6 standard and supports Ethernet speeds of up to 1 gigabit per second.

**Durable:** For added resistance against corrosion and abrasion, the Belkin CAT6 Patch Cable's wires are housed in a PVC outer jacket.

**Snagless:** Features a snagless design, helping prevent breaking and cracking over extensive use.
