

Korjo Travel Adapter for Europe

Suitable for plugging electronics from Australia and New Zealand, this Korjo Travel Adapter for Europe is a smart and safe way to power up while overseas. Approved by Australian Electrical Authorities, this travel adapter can be utilised in Europe and other countries. Key Features For easy identification inside your purse or drawer, it is colour coded (yellow for EU). It is ideal for use in Europe (except the UK), Bali, and parts of Asia, the Middle East, and South America. Excluding Italy, Switzerland, Chile, and Brazil. Proven to be safe, the Korjo Travel Adapter is approved by the Australian Electrical Authorities, making it an excellent solution for powering up your electrical devices from overseas. It is also earthed to ensure your safety further. Catering to both large and small appliances, this adapts plugs abroad to the standard Australian/New Zealand socket format.
