

Korjo Travel Adapter for Italy and Switzerland

This Korjo Travel Adapter enables you to utilise your Australian and New Zealand electronics overseas and charge them in any power plug in Italy and Switzerland. Approved by the Australian Electrical Authorities, this travel adapter is a smart and safe way to power up while abroad. Key Features Proven to be safe, the Korjo Travel Adapter is approved by the Australian Electrical Authorities, making it an excellent solution for powering up your electrical devices overseas. Made to power up Australian or New Zealand appliances safely, this Travel Adapter can be used in Italy and Switzerland, France, Germany, Russia, Bali, Korea, Thailand, Vietnam, Israel, Jordan, Brazil, and Chile. For easy identification inside your purse or drawer, its trim is colour coded (Yellow for Europe). *This is only a two-pin plug. If you have three appliances, you need to take KAEU (Korjo Travel Adapter for Europe).
