

Logitech G Pro Wired Gaming Mouse

The difference between winning and losing in today's games isn't measured in metres or seconds, but micrometres and milliseconds. When the stakes are at their highest, a single click can be the difference between going home with \$5k or with \$500k. That's why Logitech G created the Pro Gaming Mouse. Its lightweight body and optical gaming sensor are engineered for the unprecedented speed and precision aiming needed at the highest level of esports competition.

Key Features

Classic comfort: Logitech G Pro Gaming mouse was inspired by the classic lines and simple construction of the Logitech G100 and G100s body made popular by top competitive esports professionals.

Advanced optical gaming sensor: Consistent, pixel-precise accuracy makes a critical difference in high-stakes competitive gameplay. The PMW3366 delivers a level of precision widely considered to be the best by enthusiasts and professionals alike. With zero smoothing, filtering or acceleration across the entire DPI range (200-12,000DPI), it provides exceptional tracking accuracy and consistent responsiveness at any speed.

RGB illumination: Customizable with approximately 16.8 million colours. Perfect for sporting your team or your favorite team's colour, personalizing your setup, or synchronizing with other G products. In competition, this lighting also acts as a power indicator so you know your equipment is plugged in.

6 programmable buttons: Logitech G Pro Gaming Mouse can be used out-of-the-box with preset programming or fully configured to match exactly to your preferences. Six

programmable buttons are available if you prefer to bind custom commands to the mouse itself.

Features

All Product Details

Brand Logitech
Product Type Gaming Mice

Connections

Connection Type USB

Software and System Requirements

Operating System Windows 10, Windows 8.1, Windows 8, Windows 7 Powered and a USB port

Dimensions

Product Width 6.21cm
Product Depth 3.82cm
Product Height 11.66cm
Product Weight 129.5g

Warranty

Manufacturers 24 Months
