

Logitech G300S Optical Wired Gaming Mouse

Tested to be durable enough to withstand up to 10 million clicks, this G300S Optical Wired Gaming Mouse from Logitech delivers great results. Conveniently designed with an ambidextrous shape, it works with both left and right hands for everyone to enjoy. Key Features On-the-Fly DPI Shifting: It has a resolution of 250 to 2,500 DPI and features customisable DPI settings to let you choose what fits best your style of playing. Programmable Controls: Using the Logitech G Hub, you can activate, configure, and set in-game commands to all the mouse's nine buttons for your preferences. User-Friendly Ambidextrous Design: It has a perfectly balanced shape so you can command the mouse comfortably when using either of your hands. Memory Profiles: You can save profiles to the mouse once and use it on different computers thanks to its onboard memory profile feature. You can also assign lighting colours, so you know which profile you're using. System Compatibility: It is suitable to use with Windows® 7 or later, macOS® 10.11 or later, and Chrome OS™ with an available USB port.

Features

All Product Details

Brand	Logitech
