

Logitech M280 Wireless Mouse

Designed with curves in all the right places, the Logitech Wireless Mouse M280 provides total comfort. With its long 18 month battery life, smooth and precise tracking and plug-and-forget nano receiver, this wireless mouse is ideal for every desk top. Key Features Experience total comfort with the Logitech Wireless Mouse M280 as the natural curves and soft rubber grips supports your hand when in use. Use your wireless mouse without worrying about the longevity of the battery life, as it lasts up to 18 months*. The battery automatically puts itself to sleep when not in use. Enjoy smooth cursor control, precise tracking and easy text selection thanks to Logitech Advanced Optical Tracking. Plug your Logitech wireless mouse in once and forget it. The tiny wireless receiver virtually disappears in your computer's USB port or stores inside the mouse when not being used. * Battery life may vary based on user and computing conditions.

Features

All Product Details
