

Logitech M310T Wireless Mouse

An excellent computer accessory to help you browse with ease, the Logitech M310T Wireless Mouse features a hand-friendly design that fits perfectly with your hands. It also delivers a battery life that can last for over a year. Key Features The Logitech M310T Wireless Mouse lets you charge less as it features a long battery life that can last for up to 18 months. It also features a Smart Sleep Mode which helps extend the battery life when the mouse is not being used. Giving you the ability to scroll and track in different surfaces, this Logitech Mouse features a precise and responsive laser tracking. Having a full-size contoured design, the Logitech M310T Mouse ensures you that it feels great in your hand even after long working hours. Made wireless, this M310T Mouse comes with a tiny nano receiver. It also utilises Advanced 2.4GHz Wireless Connectivity that allows you to smoothly track up to 20 meters away without delays and dropouts.
