

Logitech M590 Multi-Device Silent Wireless Mouse

Hush... The Logitech M590 Multi-Device Silent Wireless Mouse lets you get through your tasks with noiseless efficiency. Using Logitech Flow, it has the almost magical capacity to navigate seamlessly on two computers and copy-paste from one to the other. Its 90% click noise reduction ensures you won't be disturbing those around you. Key Features Multi-Computer Workflow: Unleash the potential of M590 with Logitech Flow, for the smoothest workflow between computers. You'll be able to move your mouse cursor across two computers and even copy/paste text, images and files from one computer to another. It's more efficient than sending yourself emails. Silence: With the same click feel and over 90% noise reduction on the click sound, M590 delivers a quiet experience for you and your neighbours. Precise Scrolling: Our micro-precise scroll wheel packs more grooves per millimeter, so you'll be scrolling faster and more easily through long web pages. Up to 2-Year Battery Life: This mouse just keeps going with up to 24 months of power on a single AA battery. Automatic sleep mode and an On/Off switch save power, while a battery indicator light eliminates annoying surprises.
