

Surface Arc Bluetooth Mouse

Slim, light, and ready to travel, Microsoft Arc Mouse is designed to conform to your hand — and snaps flat to fit easily in your bag. The next generation of our best-selling Arc Touch Bluetooth Mouse, Microsoft Arc Mouse features numerous refinements, including the ability to scroll both vertically and horizontally. Connects via Bluetooth. Key Features Portable: Ultra-slim and lightweight, Microsoft Arc Bluetooth Mouse goes anywhere without the weight or bulk of traditional mice. What's more, you can snap it flat and easily slip it in your back pocket or bag for travel. The Microsoft Arc Bluetooth Mouse connects wirelessly to your Surface device via Bluetooth. Design: The Microsoft Arc Bluetooth Mouse features an audible, satisfying snap. Simply snap the Arc Mouse into its curved position to power up. Snap again to flatten and power down. The overall design is optimised for the most comfortable, natural interaction. Intuitive: Microsoft Arc Bluetooth Mouse lets you scroll both vertically and horizontally for easier, more intuitive navigation. Plus, enjoy precise tracking, with optimised left and right click. Beautifully Crafted: Microsoft Arc Bluetooth Mouse features a slim, smooth, unobtrusive design that's easy on the eyes and fits beautifully within your workspace. From scroll plane to tail, this mouse is soft to the touch and meticulously crafted to sit comfortably in your hand.
