

Surface Arc Bluetooth Mouse

Slim, light and ready to travel, Microsoft Surface Arc Bluetooth Mouse is designed to mould to your hand and snaps flat to fit easily in your bag. Simply snap into the curved position to power up then snap again to flatten and power down. Surface Arc Mouse supports your palm to sit comfortably in your hand. Key Features Slim, Light and Ready to Travel: Ultra-slim and lightweight, Microsoft Surface Arc Bluetooth Mouse goes anywhere without the weight or bulk of traditional mice. What's more, you can snap it flat and easily slip it in your back pocket or bag for travel. The Microsoft Surface Arc Bluetooth Mouse connects wirelessly to your Surface device via Bluetooth. Our Most Innovative Design: The Microsoft Surface Arc Bluetooth Mouse features an audible, satisfying snap. Simply snap the Arc Mouse into its curved position to power up. Snap again to flatten and power down. The overall design is optimised for the most comfortable, natural interaction. Intuitive Interactions: Microsoft Surface Arc Bluetooth Mouse lets you scroll both vertically and horizontally for easier, more intuitive navigation. Plus, enjoy precise tracking, with optimized left and right click. Beautifully Crafted: Microsoft Surface Arc Bluetooth Mouse features a slim, smooth, unobtrusive design that's easy on the eyes and fits beautifully within your workspace. From scroll plane to tail, this mouse is soft to the touch and meticulously crafted to sit comfortably in your hand.
