

WD My Cloud Home Personal Cloud - 3TB

WD My Cloud Home Personal Cloud - 3TB. The all-new My Cloud Home storage device plugs directly into your Wi-Fi router at home so you can easily save, organise and control all your digital content in one central place and wirelessly access it all from anywhere. Key Features Store and organise: Plenty of space to keep photos, videos and files from all your phones, tablets, computers and external storage devices, in one place at home. Just plug it into your Wi-Fi router and use your smartphone to set up. No computer necessary. Mobile access: Use the My Cloud Home mobile app, desktop app or MyCloud.com to upload, access and share your favourite memories and stream videos saved on your My Cloud Home device anywhere you have an internet connection. Desktop Sync: Keep your favourite folders from your PC and Mac computers in continuous sync with the My Cloud Home device. USB Port: Import photos and videos from external storage devices.
