

# Arlo Baby 1080p HD Monitoring Camera

The Arlo 1080p HD Baby Monitoring Camera is an all-in-one smart baby monitoring camera designed with you and your baby in mind. Get a good night sleep and peace-of-mind knowing you'll never miss a moment. Arlo Baby provides you with live monitoring and smart alerts right on your smartphone, tablet, or computer, anytime, anywhere. It's the next best thing to being there.

**Key Features**

**View anywhere, anytime:** Always stay connected to the most important things in your life, even when you can't be where they are.

**Advanced night vision:** See your baby's every move, even in total darkness. Near invisible infrared LED lights ensure baby's sleep is distraction-free.

**High definition video:** Watch your baby in crystal clear 1080p HD.

**2-way talk:** Listen in & talk to your baby, straight from your smartphone.

**Smart music player:** Let soothing lullabies or white noise send your baby to sleep each night. You can even record your own voice and manage music playing remotely from your smartphone.

**Air sensors:** Monitor your nursery's air condition, including temperature, humidity, & VOCs level. Get alerted whenever something is not in your desired range.

**Motion and sound alerts:** Do you really need to get up from the couch or bed and head to the crib? With Arlo motion and sound smart alerts, you'll always know.

**Baby crying alert:** Not only can Arlo Baby alert you when a sound is detected, it will also tell you specifically if it is the sound of your baby crying.

## Features

### All Product Details
