

# Netgear Nighthawk AC1900 WiFi USB 3.0 Adapter

Netgear Nighthawk AC1900 WiFi USB 3.0 Adapter wirelessly connects your laptop or desktop computer to the next-gen 802.11ac technology with WiFi speeds up to 1.9Gbps. Stronger coverage with high gain antennas. Connect the adapter to a USB 3.0 port for fast and efficient data transfer, online lag-free gaming and HD streaming, at home or on the go. Compatible with next generation WiFi devices and compatible with 802.11ac/n and all legacy WiFi devices. Compatible with Windows and MAC OS. Works with any WiFi router. Key Features Speed: USB 3.0 provides faster access, while extreme download speeds of up to 600/1300Mbps enable applications like multiple HD video streaming. Next generation 11ac WiFi with dual band technology provides whole home coverage and everything you need for a fast, fast connected home. WiFi Range: The Netgear Nighthawk AC1900 WiFi USB Adapter boosts WiFi connectivity throughout your home for all your Internet-enabled devices. Reliable Connections: Stay connected—with your devices, your media, and your friends. Dual band WiFi provides two separate WiFi networks—2.4GHz for legacy devices and 5GHz which is less interference-prone for media streaming. Ease of Use: Netgear genie software on a CD makes it easy to connect to a wireless network. Or, use Push 'N' Connect to add devices to your home network with a push of a button. Designed for Ultimate Performance: The Nighthawk AC1900 WiFi USB adapter's special set of power amplifiers and 4 high-gain dual-band antennas provide the best WiFi

performance and coverage on 2.4 and 5GHz network. AC1900 's housing accommodates these extreme performance design for ultra-fast data transfers.
