

Brother TN251BK Black Toner

The Brother TN251 Toner Cartridge is a black, standard yield toner cartridge that lasts for up to 2500 pages at an excellent 5% coverage. This Cartridge proves fine value, and is especially ideal for those who regularly print and are in need of a more cost-effective cartridge. Key Features As the TN251 is a standard yield toner cartridge, this means that it prints a standard number of pages at 5% coverage. Suitable for use with the following Brother printers: HL3150CDN, HL3170CDW, MFC9140CDN and MFC9340CDW.
