

Epson 312XL High Capacity Claria Photo HD Ink Cartridge - Yellow

Built to deliver high definition photo prints, the Epson 312XL High Capacity Claria Photo HD Yellow Ink is designed for photographers who are looking to produce impressive quality in their photographs. This ink cartridge utilises a 6 colour dye-based ink system which provides extensive colour gamut to your prints. Key Features Quality: For smooth natural skin tone to your photos and greater colour gamut to high contrast images, this 312XL Claria Photo HD Yellow Ink is integrated with 6 colour dye-based ink system. Value: This Epson XL sized cartridge has high capacity and can print up to 2 times more pages than their standard counterpart. Compatibility: The 410 Ink Cartridge is compatible with the Expression Photo XP-8500, Expression Photo HD XP-15000, and Expression Photo XP-8600 printers.
