

HP Color LaserJet Pro MFP M283fdw All-in-One Printer

A versatile must-have for your demanding workplace, the HP Colour LaserJet Pro MFP M283fdw All-in-One Printer can accommodate all your document-related tasks. It produces premium outputs in vibrant colours while its dual-sided printing and scanning let you maximise your productivity while saving your time. Key Features Efficient: Save so much of your time by quickly accessing images and files and printing them straight from your smartphone through Dropbox and Google Drive. You can also do multiple tasks with your printer at the same time in just a single tap using the HP Smart App (download required). Quality Outputs: Produce best-in-class colouring pages by using the HP Colour LaserJet Pro MFP M283fdw All-in-One Printer with Original HP Toner cartridges with JetIntelligence. Convenient Printing: HP LaserJet printer can hold up to 250 sheets of paper in its tray so that you won't need to reload it frequently. For your convenience, it also features two-sided printing and scanning, reducing paper consumption and printing time. Fast Print Speed: Print reports and other documents in premium quality at a rate of up to 21 ppm at 600 x 600 PPI.
