

# Targus SafePort Rugged Case for 10.2" iPad - Black

Built with shock-absorbing TPU shell, the Targus SafePort Rugged Case for 10.2-inch iPad helps you shield your device against the rigours of everyday use. This case is engineered with dust filters and soft plugs which reliably safeguard your device's ports. Key Features Compatible with a 10-inch iPad, the Targus SafePort Rugged Case ensures you that it does not interfere with your device's features like the ambient light sensor and microphone. Built with convenience in mind, this Targus Case is integrated with an Apple Pencil holder. It also features a clear window on the back, enabling you to display the asset tag. The SafePort Rugged Case is equipped with a detachable shoulder strap and a sliding stand which allow you to use your device in landscape and typing positions. Fortified with USA Military-Spec drop protection, this SafePort Case boasts its capability to keep your device protected from up to 4ft drops. It is also built with dust filters and soft plugs to shield your tablet's port openings. \*iPad shown not included.
