

# BACtrack Trace Pro Breathalyzer

The BACtrack Trace Pro Breathalyzer is an easy way to get an accurate BAC reading in seconds, the new BACtrack Trace Professional alcohol breath tester is perfect for personal alcohol sensing application. It's slim and understated design combines with ease of use and utilises BACtrack's award winning, state of the art, Xtend Fuel Cell Sensor Technology. Key Features

**Optimal Breath Capture:** Mini-solenoid internal breath pump ensures the most accurate and efficient capture for the breath testing sample. **Linear Response:** The linear response of the fuel cell provides more accurate results over the complete range of alcohol concentrations expected in the breath. The Trace Pro will accurately measure trace concentrations of alcohol right through to 0.400 %BAC. **One Touch Operation:** Simply power on your BACtrack Trace Pro and begin your alcohol test in seconds. **Low Power Requirement:** Get around 1,000 tests from one set of AAA batteries (supplied). **Auto Power Off:** The unit will automatically power down after 10 seconds to save batteries. **Flow Error Indicator:** Alerts if the blow is not consistent enough to take an accurate reading. **Adjustable Blow Time Setting:** Longer blow times give an increased accuracy result. **Adjustable Audible Warning Setting:** Set the unit to alert you to different limits. **Battery Level Indicator:** Don't get left short of power when you need it most.

## Features

[All Product Details](#)

**Brand** BACtrack

**Product Type** Breathalyzers

**Power**

**Battery Life** Approximately 1,000 tests

**Battery Type** 2x AAA Alkaline Batteries

**Dimensions**

**Product Width** 11cm

**Product Depth** 4.7cm

**Product Height** 1.7cm

**Warranty**

**Manufacturers** 12 Months
