

Garmin Swim 2 - Slate

Take your swimming performance to the next level with Garmin Swim 2. It is jam-packed with features and functions to keep up with all your swimming activities anytime. It is enclosed within a refined and modern watch design with a chemically strengthened glass lens that adds durability and security. Key Features

Wrist-Based Heart Rate: This feature helps you see your heart rate through your wrist pulse without using a chest strap. You can check your heart rate as you swim and during rests.

Multi-GNSS Support: Using multiple global navigation satellite systems, you can always track where you are by receiving signals from GPS, GLONASS, and Galileo satellites. You will know the distance and pace of your swims.

Advanced Swim Features: You can record your distance, pace, stroke count, stroke type, and SWOLF to monitor your performance. It has everything that you need to help you improve your swimming lifestyle.

Stress Tracking: With your heart rate variability, it calculates and lets you know your stress levels. It gives you relax reminders that show you some short breathing activities.

Fitness Tracking: Garmin engineered to also help you keep up with your physical fitness activities like the steps that you take, floors climbed, intensity minutes, and more.

Garmin Connect: You can always be connected to your compatible smartphone and receive emails, texts, and alerts wherever you are. You can also join the online connectivity and share your progress.

Battery Life: It can keep up with you for up to 7 days in smartwatch mode, 13 hours in GPS and OHR mode, and 72 hours in pool and OHR mode.

Features

All Product Details

Brand	Garmin
Product Type	Smart Watches
Model Number	010-02247-00

Sports & Activity

Screen Size / Type	1.04" (26.3 mm) diameter
Water Resistant	5 ATM
Connectivity	Bluetooth
Sensors	Accelerometer, Optical Heart Rate

Power

Battery Life	Smartwatch mode: Up to 7 days, GPS mode: Up to 13 hours, Pool and OHR mode: up to 72 hours
