

# Panasonic 25L Compact Microwave Oven

A notable addition to your kitchen, the Panasonic 25L Microwave features an 800W power output for impressive cooking performance and a spacious interior capacity for catering to larger meals or events. Whether it's a simple potato casserole or a more delicate baked seafood dish, its 9 preset auto menus allows the microwave oven to adapt to whichever cooking task you're looking to accomplish. Key Features: The Panasonic 25L Microwave has a Quick 30 function, which lets you set cooking times for 30 seconds without having to select or adjust any additional settings. This microwave has an Add Time function, which allows you to add more heating time after your dish is heated or cooked. Easy to operate, this Panasonic Microwave Oven has an intuitive control panel and a 4-digit LCD.
