

Remington Pro Ceramic Max Hair Straightener

Enjoy faster, salon straight results with the Pro Ceramic Max Wide Plate Straightener. Featuring 45mm extra wide plates, the Pro Ceramic Max has 80% wider plates* to allow you to achieve super straight results in less time. *vs. Remington S3505AU straightener plates. 150 to 230 Degrees. Ceramic Tourmaline Plates. Worldwide Voltage. Suitable For All Hair Types. Auto Shut Off. Ceramic Tourmaline Advanced Ceramic Tourmaline plates provide even heat distribution for smooth, shiny hair with less frizz. Floating Plate Floating plate for constant contact and fast styling. Suitable for All Hair Types With a digital display and variable heat settings from 150°C - 230°C. Turbo Boost Function This straightener features a turbo boost function which will automatically select the highest temperature of 230°C. To operate the turbo boost function press and hold the '+' temperature increase button for 2 seconds. Temperature Lock The Pro Ceramic Max Wide Plate Straightener has a temperature lock to prevent the selected temperature from being accidentally altered during use. Auto Off Safety Feature If the straightener is not used for a period of 60 minutes (temperature is constant) it will automatically shut off. Automatic Voltage Adjustment The Pro Ceramic Max Wide Plate Straightener features automatic voltage adjustment for international use. Plug the unit into any domestic power outlet and it will adjust automatically to the voltage being supplied. Note: - Some countries will require the use of a plug adaptor that is not included with your straightener. What's in the box? 1x Remington Pro Ceramic Max Hair Straightener.
