

Logitech Driving Force Shifter For G29 and G920 Driving Force Racing Wheels

Complete your racing wheel setup with the durable and precise Driving Force Shifter from Logitech, specially built for G29 and G920 Driving Force Racing Wheels. The Driving Force Shifter makes an enhanced addition to your racing wheel setup, and is beneficial for taking your gaming experience of PC and Console racing titles to the next level. Key Features Exceptional: experience ultra comfort and compete with confidence as this durable Driving Force Shifter features steel components, a solid steer gear shaft and a knob and boot crafted in hand-stitched leather which combined assure reliability and appear sleek. Optimal: boasts a six-speed "H"-pattern and push-down reverse gear facilitating consistency in acceleration at every gear, smooth movement with firm clicks into each gear and precise transitions - even when performing hairpin turns or driving straightaways. Secure: embedded with built-in clamps enabling steadfast mounting to a racing rig or table for reduced instability during high-intensity manoeuvring. System Requirements: Logitech G29 or G920 Driving Force Racing Wheel, Games that support Logitech Driving Force Shifter, PlayStation 4, Xbox One, Windows 8.1, Windows 8 or Windows 7.
