

JBL TUNE 660BTNC Wireless Noise Cancelling On- Ear Headphones - White

Tune out the world and immerse yourself in pure bass sound with the JBL TUNE 660BTNC Wireless Noise Cancelling On-Ear Headphones! Over the past 70 years, JBL has been engineering precise, impressive audio quality used in big venues worldwide. This pair of headphones reproduce the same JBL signature sound, delivering deep, powerful bass in a lightweight build. This device also packs powerful 32mm drivers and a lengthy battery for the ultimate listening experience. Key Features Pure Bass Sound: The 660B is refined with JBL Pure Bass Sound, enabling you to experience exceptional audio performance while listening to your playlists, podcasts, or audiobooks. Keep Noise Out: Built with Active Noise Cancelling technology, the JBL TUNE 660BTNC keeps noise at bay and lets you enjoy your music. Wireless Connection: Thanks to its Bluetooth v4.1 connectivity, you can experience high-quality sound without the hassle of messy cords. Enjoy ultimate wireless freedom and easily connect to your smartphone, tablet, PC, and other compatible devices. Detachable Cable: Listen for longer in wired mode. Just connect to your device using the included cable, and jam to your favourite tunes with no limits. Long-lasting Fun: The headset can keep you company for up to 12 hours with BT and NC. You can fully replenish the

battery within two hours of charging. **Cosy and Foldable:** Enjoy comfortable listening as this device flaunts soft ear cushions. Additionally, it features a lightweight and foldable build, making it easy to bring anywhere you go. **Convenient Controls:** The integrated three-button remote with a mic enables you to adjust your sound and take hands-free calls. **Listen in Style:** The JBL TUNE 660BTNC range is available in a wide array of stunning colours! **Package Inclusions:** The box includes 1x pair of TUNE 660BTNC headphones, 1x Charging cable, 1x Detachable cable, 1x Warning card, 1x Warranty card, 1x Safety sheet, and 1x Quick Start Guide.
