

SodaStream Cream Soda Mix

Introducing the SodaStream Cream Soda Mix, a smarter way to enjoy sparkling drinks at home! This soda mix delivers a crisp, refreshing taste that is sure to satisfy every palate. Great for various occasions, each 500ml bottle makes up to 12 litres of sparkling beverage. Key Features Taste the thirst-quenching flavour offered by the SodaStream Cream Soda Mix. Easy to make, simply fizz the water and add the Cream Soda Mix to relish its refreshing flavour. Formulated with less sugar than its pre-mixed counterparts for a guilt-free drinking experience. Ideal when hosting gatherings or parties, each 500ml of SodaStream Mix can serve up to 12 large Sodastream bottles (12 litres). As marked on the cap, SodaStream recommends a dilution ratio of 1:23. The ingredients are sugar, water, acid (citric acid), flavour, acidity regulator (trisodium citrate), sweeteners (sucralose, acesulfame K), preservative (potassium sorbate), and colours (E102, E133).
