

Dimplex Air Circulator Fan

Great for all-season comfort, the Dimplex Air Circulator can be used for spreading cool air from your air conditioner or hot air from your heater up to 20 metres away. Highly-versatile, it can also be used for keeping your room comfortable by circulating fresh air. The Dimplex Air Circulator features 360-degree horizontal oscillation and has a 90-degree pivoting head, allowing you to direct air to different areas of the room easily. This air circulator has 3 speed settings and 3 modes to adapt to your specific air circulation needs. Thanks to a built-in 8-hour timer, the Dimplex Air Circulator lets you set and forget its operating schedule to help reduce energy consumption

Features

All Product Details

Brand	Dimplex
Product Type	Fan
Model Number	DCACE20

Dimensions

Height	340mm
Width	225mm
Depth	203mm

Warranty

Manufacturers	24 Months
