

Mitsubishi Electric Designer EF25 Heat Pump / Air Conditioner - White

PLEASE NOTE THIS PRODUCT IS NOT AVAILABLE IN ALL STORES BUT CAN BE ORDERED The Mitsubishi electric Designer EF25 in classic white is super quiet and with its slim design will provide discrete heating, perfect for your bedroom or living areas. With nano-platinum filters, they also have superior air cleaning performance. The full Designer Series range comes with a 7 Day Controller, providing you both style and functionality. Energy Efficiency Combining efficient technology with unique energy saving features the Mitsubishi Designer Series systems will stylishly contribute to reduced energy consumption in your home or office. Super Quiet Operation With an advanced “Silent Mode” fan setting, the range starts from a super quiet 21dBA. Allowing you to enjoy quiet, yet powerful performance. Nano Platinum Filter The extra-large, washable 3D filter surface incorporates nanometre-sized platinum-ceramic particles designed to effectively collect fine dust particles, deodorise the air and eliminate bacteria at the same time. This level of advanced filtration is better at the collection of dust in comparison to conventional filters. Reddot Design Award The Designer Series with its distinctive contemporary, slim-line profile has been awarded the Prestigious Reddot Design Award 2015 in recognition

for outstanding design quality. The international jury only confers this sought-after seal of quality to products that set themselves apart significantly from comparable products thanks to their excellent design. 7-Day Programmable Hand Held Controller The advanced infra-red controller allows the programming of up to four settings (per 24 hour period) including start/stop operation and temperature settings over a 7 day period. This eliminates the need to reset the timer daily. This controller must be positioned within line of sight of the indoor unit for the 7 day timer operation to function – see instruction manual for more details. Optional Wi-Fi Control Upgrade With the addition of award winning Mitsubishi Electric Wi-Fi Control, you can control and monitor your heat pump from absolutely anywhere via your smartphone, tablet or online account.
