

Mitsubishi Electric HyperCore KJ60 Floor Console Heat Pump / Air Conditioner

For the correct sizing of heat pumps and an installation quote please contact your local Harvey Norman store. The RapidHeat KJ60 HyperCore Floor Console provides superior heating without compromising on comfort. Incorporating HyperCore's unique heating performance, the RapidHeat KJ60 HyperCore Floor Console is guaranteed to produce its fully rated heating capacity right down to -15°C and guaranteed to continue heating right down to -25°C . Meanwhile three uniquely shaped vanes control airflow to provide you with optimum air distribution that is customizable to your preference. Low Temperature Performance Unlike other heat pump systems which produce less heat when the outside temperature drops, the HyperCore KJ50 will perform at ideal capacity down to -15°C . HyperCore is the only heat pump range that can guarantee this kind of performance. HyperCore is ideal for; locations where temperatures fall below zero, high altitude areas, high humidity areas or if you simply want the best heating performance available. Sleek, Sophisticated Design Mitsubishi Electric RapidHeat Floor Consoles features clean, sharp lines creating a streamlined, modern floor mounted heating. The removable base allows the Rapid Heat Series to be recessed into your wall. This dramatically reduces the depth of the indoor unit from

215mm to 145mm - a decrease of 33%! The perfect solution for unobtrusive floor mounted heating or for new buildings and renovation projects. Multi Vane Flow - Even Heat Distribution The RapidHeat Series allows for complete customisation for ultimate comfort. The multi vane flow function blows warm air in both an upward and downward direction providing even and effective heating whilst also eliminating draughts. This is achieved via three uniquely shaped vanes that are designed for better airflow control and the freedom to customise them to your preference. Energy Efficiency Combining energy efficient technology with unique energy saving features our RapidHeat Floor Consoles achieve ultimate comfort with reduced energy consumption in your home or office. Optional Wi-Fi Control Upgrade With the addition of award winning Mitsubishi Electric Wi-Fi Control, you can control and monitor your heat pump from absolutely anywhere via your smartphone, tablet or online account. 6.8 kW Heating Capacity & 6.0 kW Cooling Capacity

Features

All Product Details

Brand	Mitsubishi
Product Type	Floor Console Heat Pump
Model	MFZ-KJ60VEH

Heat Pump/Air Conditioner Features

Heating Capacity	6.8kW
Cooling Capacity	6kW

Power

Energy Efficiency	2.5 Star
--------------------------	----------

Dimensions

Height	600mm
Width	750mm
Depth	215mm

Warranty

Manufacturers 60 Months
