

# Breville Kinetix Twist Blender

Featuring a contoured blade and bowl system, Breville's Kinetix Twist Blender lets you enjoy a seamless, smooth, lump-free blending experience. It offers one-touch programs, making it easy to crush ice and make delectable smoothies without breaking a sweat. It also incorporates a convenient Kinetix Blade System, which enables powerful blending, crushing, folding, aerating, and chopping. Key Features Enjoy the maximum performance with less noise as the Twist Blender packs in a heavy-duty metal base, an innovative blade design, and a 546Whigh torque motor. To suit various blending needs, this Breville Kinetix Twist Blender integrates four different speed settings. Create delectable cocktails using this Breville Kinetix Twist Blender's citrus cone lid. Extract juices from fruits, limes, or lemons right on top of the blender and mix it using this appliance's innovative blade system to produce velvety cocktails and delicious smoothies. It features a one-touch versatility feature which includes three pre-programmed buttons– Instant Smoothie, Green Smoothie, and Ice Crush. Now creating delicious healthy drinks is easier than ever! Great for sharing with family and friends, it comes with a BPA-free Tritan Jug that can hold up to 1.5L of delicious blends. It integrates a Kinetix Bowl and Blade System that utilises a set of central and wide-sweeping blades, perfect for effectively drawing down the ingredients to deliver creamier smoothies. The Tight Fitting Breville Assist Lid comes with a ring pull design, making it easy to remove after blending. It also helps secure the attachments by sealing them tight during blending. Thanks to its illuminated buttons, you'll be able to easily access its speed settings, power, cancel, and pulse functions. It also comes with an LCD display that indicates the speed settings and the chosen pre-programmed setting for smooth operations. When used

in conjunction with the Vac Q vacuum pump (sold separately), you can create flavourful recipes of smoothies, spreads, dips, soups, shakes, and more. This Breville Blender also comes with 10 complimentary recipe cards, allowing you to try out various delectable ice lollies, marinades, smoothies, and dips. \*Note: Please take care when handling or manoeuvring around the blades or disc's as they may be sharp.

## Features

### All Product Details
