

# Kenwood Chef Sense XL Mixer

PLEASE NOTE THIS PRODUCT IS NOT AVAILABLE IN ALL STORES BUT CAN BE ORDERED

Surprising and delighting family and friends with your home baking skills is now even easier than you might think. The Kenwood Chef XL Sense has been designed and engineered to guarantee that you get amazing results, every time. Best in bowl The Chef XL Sense features a large 6.7 litre mixing bowl, making it easy to pour your ingredients straight into the bowl. Everything, from the built-in bowl handles to the easy fit splashguard with extra-large feed chute, is designed to be effortless and easy to use. Dedicated bowl tools for every bake The Chef XL Sense comes complete with 5 dedicated bowl tools to help you bake all your favourites. The unique K-Beater reaches every area of the bowl and is perfect for mixing dry ingredients or crushing biscuits for cheesecakes. The whisk is specially shaped to trap air while mixing and is ideal for making swiss rolls or fluffy sponges. The dough hook is designed to take all the hard work out of kneading bread and is great for making those tougher doughs such as brioche, stolen or pizza bases. The flexible creaming beater scrapes all ingredients from the side of the bowl, combining them for the smoothest icing or cake mixture The folding tool glides through ingredients carefully, retaining the maximum amount of air needed for light macaroons and mousses. 20+ attachments and a world of possibilities Transform your Chef XL Sense into a true all round kitchen machine with the wide range of optional attachments available. Make homemade pasta, juice everything from oranges to carrots or prepare fresh beef burgers, all with just one machine. 6.7 litre bowl 6.7L bowl for all your kneading, whisking and mixing requirements. Electronic speed control Variable speed with pulse allows you to tailor the speed to your

requirement, helping you to achieve better results.  
1400W motor Maintains its speed and power with heavy batters and doughs.
