

Kenwood Chef XL Titanium Mixer

Try out new mouth-watering recipes or create your favourite dishes using this Kenwood Chef XL Titanium Mixer. Perfect for passionate cooks, this versatile mixer comes with a set of SYSTEMPRO bowl tools that you can use to perform different kneading, beating, and whisking techniques effortlessly. It also includes a 6.7L bowl, allowing you to mix and create larger portions in one go! Key Features Kenwood Chef XL Titanium Mixer equips stainless steel SYSTEMPRO bowl tools, so you can effortlessly perform different beating, kneading, whisking, creaming, and folding techniques for various recipes. This Kenwood Mixer offers intuitive electronic speed control that includes variable speeds/pulse settings, a fold function, and a start/stop button. Its fold function allows you to mix ingredients carefully without losing air, perfect for creating meringue, whip creams, icing, and more! It integrates a Halo Illumination feature which uses a spotlight that brightens the bowl. Now you can check your mixing progress and see clearly as you pour in or add ingredients! The Kenwood Chef XL Titanium Mixer integrates a 1700W motor to deliver exceptional power and speed even during heavy use. It comes with a 6.7L large mixing bowl that allows you to create bigger batches in one go. You can purchase over 20 additional attachments (sold separately), so you can expand your mixer's functionalities. With these attachments (sold separately) you can do various tasks such as creating homemade sauces, blending healthy smoothies, mincing meat, or even cutting pasta shapes.
