

Vax Blade Cordless Handstick Vacuum Cleaner

Powerful and easy to use, the Vax VX60 Cordless Blade SlimVac Vacuum Cleaner helps you do away with tedious cleaning tasks at home. With no cords to plug in during operation, you can minimise time spent in cleaning and have more to spend at your leisure. Direct Helix Technology For optimum performance, the Vax VX60 Cordless Blade SlimVac Vacuum Cleaner employs the Direct Helix technology. Direct Helix works by providing 3D support inside the machine's dust bin and intersecting the cleaning wand to give the generated cyclone a direct air path to the floor. Cordless Convenience Running on batteries, the Vax VX60 Cordless Blade Vacuum Cleaner frees you from the hassle of dragging and untangling cords around. It's also capable of up to 35 minutes of runtime – ample time for you to clean every nook and cranny around the house. Easy Monitoring For added user-convenience, the Vax Cordless Blade SlimVac Vacuum Cleaner is equipped with an innovative Vax Smart Control dial. The control dial is built to provide a more efficient and smarter way to clean, allowing you to keep an eye on how much power the machine has left during operation. Power and Versatility When dealing with tough to remove dirt and dust, you can use the Vax VX60 SlimVac Vacuum Cleaner's boost mode to instantly increase suction power. The vacuum cleaner also comes with a dusting brush and crevice tool, giving you the flexibility to clean small furniture and tight corners.

Features
