

# D-Link Powerline AV2 1000 Gigabit Passthrough Kit

Ideal for bandwidth-intensive applications, D-Link PowerLine AV2 1000 Gigabit Passthrough Kit can deliver data transmission speed rates of up to 1000 Mbps. You can have smooth HD video streaming, VoIP calls, and lag-free online gaming. It enables you to extend your network even in the farthest corners of your home just by plugging it into your electrical socket. Key Features Noise Filtering Passthrough Socket: It boasts its extra passthrough socket and still lets you use your electrical outlet by plugging another device. It also features its noise filtering technology to prevent signal noise from the plugged-in electrical device and keep it from affecting your connection. Plug and Play Installation: You can plug it directly into one of your power outlets in your home to create and start using a network right away. It has a button that will let you add more PowerLine adapters to your system. Power-Saving: The adapter automatically goes to sleep mode if there are no data transmission or reception occurs over some time to save more than 85% of power usage.

## Features

[All Product Details](#)

**Brand**

D-Link

**Product Type** Powerline

**Dimensions**

**Product Width** 5.8 cm  
**Product Depth** 3.7 cm  
**Product Height** 11.3 cm  
**Product Weight** .19 kg

**Warranty**

**Manufacturers** 12 Months
