

Ring Chime Pro (2nd Generation)

An excellent security solution, the Ring Chime Pro (2nd Generation) lets you easily hear what's happening around your home. This Chime Pro device supports Dual Band 2.4 GHz and 5GHz Wi-Fi connection, allowing you to expand the coverage of your compatible Ring devices. Key Features This Ring Chime Pro lets you be notified when someone pressed your Video Doorbell or when motion has been detected on your Security Cam. To help minimise dead zones in your home, this Ring Chime Pro extends and improves your Wi-Fi coverage to your Ring devices. Equipped with Classic & Seasonal Tones, you can easily personalise this Ring Chime device and select a tune you'd like to hear around your house. It also comes with a Snooze Alerts function, enabling you to disable notifications temporarily. The Ring Chime Pro features a sleek profile that effortlessly blends well with different home decors. It is also equipped with a nightlight which outputs a cosy glow light in the dark. Easy to set up, the Ring Chime Pro can be plugged into any standard power outlet. It is also compatible with different Ring Video Doorbells and Security Cameras.
