

Panasonic KX-TGM422AZ Twin Handset Cordless Phone

The Panasonic KX-TGM422AZ Twin Handset Cordless Phone with Answering System has been designed with a generous LED screen, a massive 13 hours worth of talk time among other convenient features such as Amplified sound and the Slow Down feature. Key Features Amplified Cordless Telephone with Digital Answering Machine: This reliable, full-featured amplified cordless phone is the home phone solution for everyone affected by mild and moderate hearing loss. And the one equipped with everything you need to hear and be heard, loud and clear. Clear and Loud Sound: When using the KX-TGM422AZ telephone, clarity and tone are loud enough to listen comfortably. There are up to 6 tones settings, as well as a 'Slow Talk' function to suit peoples individual needs. Slow Down Fast Talkers to be Sure You can Hear Every Word, Every Time: To understand quick-talking callers and indistinct voice messages, the KX-TGM422AZ comes with one-touch Slow Talk control to automatically slow the speed of caller voices while conversing in real time. Power When the Power Goes Out: The built-in back up battery in the base unit allows you to make and receive calls when the power goes out.
