

Sennheiser CX 300S In-Ear Headphones - Red

Experience detailed sound and impressive bass using the Sennheiser CX 300S In-Ear Headphones. Featuring an in-ear design, this pair of headphones effectively lessen ambient noise so you can enjoy immersive listening. It also comes with Smart Remote and microphone, enabling you to manage your music as well as take calls. Key Features The Sennheiser CX 300S Headphones is built with a small design that fits readily in bags and can be used anywhere. Constructed with microphone and remote, the CX 300S Headphones enable you to instantly answer calls, adjust the volume, and pause the music. This pair of Sennheiser Headphones is built with ergonomic in-ear design, allowing you to minimise the ambient noise around you and listen to music without disturbances. To ensure a comfortable fit, the CX 300S In-Ear Headphones come with an ear adapter set that lets you choose between four sizes: extra-small, small, medium, and large. Providing absolute convenience and comfort during your playtime, the pair of Sennheiser CX 300S In-Ear Headphones is equipped with silicone rubber earpad and durable tangle-free cable.
