

Sony WF1000XB Wireless Noise Cancelling In- Ear Headphones

Be in control of your listening with the Sony WF1000XB Wireless Noise Cancelling In-Ear Headphones.

Designed to truly wireless, say goodbye to wires and embrace the new charging case. Escape noise and enjoy a pure music experience with industry-leading noise cancellation. With a discreet design listen in truly wireless freedom. Key Features Noise

Cancelling: Smart noise cancelling just got smaller. The WF1000X sits securely and comfortably in your ears while keeping the noise out. Cut out wires and noise
Battery: Stay powered up wherever you are. The auto on/off stops your battery draining with smart charging in the carry case. So you can enjoy up to 9 hours of battery life (with charging case), 3 hours of music playback on 1 charge (15 min charge for 75 min of listening). Design: An ergonomic ear hook keeps your headphones in place, and the internal antenna and fitting supporter keep the signal strong for constant streaming. While you receive fine sound from a tiny 6mm driver inside compact headphones that sit comfortably and securely in your ears. Smart Listening: Smart Listening by Adaptive Sound Control automatically detects your activity such as travelling, walking, and waiting then adjusts ambient sound settings to you.
