

Technics Wireless Noise Cancelling Over-Ear Headphones - Black

Lose yourself in the music thanks to the Technics Wireless Noise Cancelling Over-Ear Headphones. Constructed with dynamic-tuned 40mm drivers, this pair of headphones lets you enjoy stellar sound while streaming to your favourite songs, audiobooks, and podcasts. It also comes with 3-mode active Noise-Cancelling for a pure listening experience. Key Features

The Technics Wireless Headphones is engineered with a 40mm Dynamic Driver, allowing you to listen to music in superb detail. Ideal for immersive listening, it is also equipped with a Newly Developed Diaphragm which outputs powerful bass that makes you feel like you're in a concert hall. Integrated with Bluetooth connectivity, the Technics Noise Cancelling Over-Ear Headphones headphones let you enjoy wireless playback. It also supports high-definition formats such as LDAC and aptX HD, ensuring you that it can produce high-quality sound. To help you stay focused in the music, the Technics Over-Ear Headphones comes with an Active Noise Cancelling feature which utilises a feedforward and feedback system. This Noise Cancelling feature also comes with a three-level mode selector which can be ideal when listening in airline cabins, buses, cafes, and different settings. By simply touching its right earpad, this pair of Technics Headphones lets you conveniently enhance the ambient sound and hear the people around you. This function enables you to

communicate without needing to remove your headphones. For convenient and seamless operation, the Technics Wireless Noise Cancelling Over-Ear Headphones is built with a smart inner sensor which automatically resumes the music when you wear your headphones and stops it when removed.
