

Belkin BOOST CHARGE 10,000mAh Power Bank - Black

Portable and powerful, the Belkin BOOST CHARGE 10,000mAh Power Bank lets you keep your device charged anytime, anywhere. This power bank is built with LED lights, allowing you to know its charge level instantly. It also comes with 10000mAh, giving you up to 70 hours of battery life. Key Features Safe: To ensure you that your device won't overheat, this Belkin Power Bank utilises sensors that monitor heat, voltage and circuitry. It is also MFi-certified, assuring you that it'll deliver optimal charging to your Apple devices. Fast: Integrated with a 3.4-Amp lightning input port, this 10,000mAh BOOST CHARGE Power Bank lets you power up your device quickly so you can do more. It also provides up to 70 hours of battery life to your device, allowing you to recharge your device when the battery's running low. Convenient: Engineered with convenience in mind, you can wirelessly recharge this Power Bank using you existing Lightning Dock. It can also be charged quickly by connecting it to a power source using your iPhone Cable. Compact: Stay charged wherever you go, thanks to Belkin Boost Power Bank. This power bank features a slim, lightweight and compact design that fits easily into bags and pouches. Compatibility: The BelkinBOOST CHARGE 10,000mAh Power Bank can provide power to a variety of iPhone and iPad devices.
