

# Mophie 10000mAh XL Powerstation

The Mophie XL Powerstation is one of the longest lasting universal battery available by Mophie. In addition to a 10,000mAh battery, the XL is fully capable of charging two tablets simultaneously with the fastest output possible. Key Features Exceptional: The XL Powerstation is robust for a reason. The XL provides a great amount of power to support people with an increasing need to stay mobile. Whether it's working from the mobile office or traveling internationally, more power means less time spent searching for outlets in unfamiliar territory. Convenient: The XL Powerstation has more than enough power to go around. Feel free to be generous with friends while traveling or just out on the town. Traveling alone? No problem. The XL will keep you connected while away from home. Stylish: Don't let this portable power pack fool you. Elegantly designed and packed with power, this rechargeable battery can juice up your smartphone up to 8 times! Outstanding: Whether it's an iPad, Kindle, iPhone, Samsung or some other tablet, smartphone, digital camera, or USB powered toothbrush, this Powerstation is the ultimate solution for any smart-device and for every type of mobile power user. The LED status indicator allows any traveller to venture out with confidence knowing their power levels with the push of a button.
