

Zagg InvisibleShield Glass+ for iPhone 6/6s/7 Plus

Featuring a pristine glass-like surface, the Zagg InvisibleShield Glass+ for iPhone 6/6s/7 Plus protects your device's screen without impeding on its functionality. It underwent a precision surface finishing process, assuring that it can deliver total scratch resistance. It also comes with EZ Apply Tabs for quick and bubble-free installation. Key Features Crystal Clear: This InvisibleShield Screen Protector is crafted with smooth and clear glass, enabling you to enjoy superb clarity and excellent touch sensitivity while browsing, playing, or watching video contents. Shatter Protection: Strengthened with Ion Matrix technology, this screen protector ensures that it can shield your device's screen against impact and shatter. Protection: It comes with bevelled edges which help prevent cracks and scratches on your device. It also has undergone a surface finishing process for added durability. Accurate Installation: To help you easily apply the tempered glass to your device, InvisibleShield Glass+ comes equipped with Smart EZ Apply tabs. Compatibility: It is suitable for use with iPhone 6/6s/7 Plus models. * iPhone 6/6s/7 Plus not included.
