The new Samsung Galaxy S9+ comes with a game-changing dual aperture camera that adapts to light just like the human eye. It allows you to take stunning pictures in daylight, moonlight and even low light. Now, you can also slow down time with the 960 frames per second Super Slow-mo feature, which captures the unseen letting you make everyday moments epic. Key Features Low-light Camera: With the F1.5 aperture mode and multi frame noise reduction, the rear camera ensures the photos you take in the dark come out clear and bright, no fine-tuning required. Dual Aperture Lens: Our game-changing Dual Aperture lens adapts like the human eye. It adjusts to various lighting conditions with ease—making your photos look great whether shot in bright daylight or super low light. Invisible Details: The sleek and stunning screen and bezel blend together to form a seamless design. Meanwhile, the iris scanner is hidden away within the upper bezel to enhance the Infinity Display. Embrace the big screen experience: The stunning

Infinity Display takes your content to the limits of the phone for an immersive experience. With the combination of this beautiful edge-to-edge display that fits comfortably in your hand and the stereo speakers tuned by AKG offer an unparalleled mobile entertainment experience. Make a splash: Don't be afraid to go out and get wet, with an IP68 rating you don't have to stop texting or taking photos, even in the rain. Immerse yourself in sound: A new dimension of audio has arrived. Dolby Atmos surrounds you with three-dimensional sound, putting you at the centre of a cinema-like experience. [Learn more](#)
