

# Spark Samsung Galaxy Note10+ Aura Glow - 256GB

Introducing next-level power. With the Galaxy Note10+ Samsung have designed a mobile experience that's like a laptop, a gaming console, a movie studio, and an intelligent pen, all in one device. Key Features:

Designed to be as beautiful as it is powerful: The ergonomic grip and lightweight build set a high standard for smartphone design. Made of durable Gorilla Glass 6, the polished glass material catches the light, creating a futuristic and premium aura. Infinity-O Display creates an immersive view: The front camera is tiny and discreetly positioned to minimise interruptions onscreen. With bezels pushed way back, Samsung have given you a truly epic view. More Power. More Speed: The powerful 7nm processor and 12GB RAM combine to provide impressive speeds. With 2.0Gbps LTE, easily download files, live game, and stream content, even in busy places. Laptop Storage without the Laptop: The Galaxy Note10+ take mobile memory to the next level with 256GB storage which you can expand by up to an additional 1TB via microSD. Power made to last: It's Note's largest battery yet, with cutting-edge intelligence that recognises and adjusts to your mobile habits. Super Fast Charging delivers 25W of power for a fast power-up. Or ditch the cord with Fast Wireless Charging 2.0.1 Pro-grade Camera: Samsung have packed powerful pro-grade technology in your pocket with the multi-camera system, giving you the power to go from shoot to edit instantly. Turns everyday photos and videos into epic moments with the DepthVisionCamera, go wide for a 123° field of vision with the 16MP Ultra

Wide Camera. Crop in with the 12MP Wide-angle Camera, or get closer with the 2x optical zoom on the 12MP Telephoto Camera. Designed for more natural eye contact, the 10MP front camera now sits in the centre of the screen and now has built in autofocus for clear shots. \*1. Fast Wireless Charging 2.0 currently available with Wireless Charger Stand, Wireless Charger Duo Pad, and other devices that support 10W or more wireless charging. Sold separately. Actual charging speed may vary depending on the actual usage, charging conditions, and other factors. Wireless charger requires power connection. Recommend using in-box charging cable and/or travel adapter for use of third party items may cause damage to the Wireless Charger Stand and Wireless Charger Duo Pad or a decrease in charging speed.
