

# Pioneer 5.1 Channel WiFi AV Receiver

Upgrade your home entertainment to the next level with Pioneer's VSX-832, the first 5ch AV receiver supporting Dolby Atmos®. Enjoy a wide, enveloping soundscape with the Surround Enhancer. Ultra HD video, HDR10, and Dolby Vision present life-like images, while FireConnect™, Chromecast built-in, and DTS Play-Fi® let you stream music anywhere in the house. Limitless songs on internet radio and network streaming services are just a few taps away with the Pioneer Remote App. DTS:X™ DTS:X is the next-generation audio codec from DTS that leverages object-based audio to enable new immersive and interactive audio experiences. Since DTS:X can automatically adapt the audio to the existing channels and speaker system, no specific speaker layout is required. Experience an immersive soundscape with incredibly rich and life-like audio.

**Wireless Multi-Room Audio** This product supports FireConnect™ powered by Blackfire Research. FireConnect™ is a stable wireless protocol that mirrors any audio source connected to a compatible audio product in your main room - from vinyl to streaming audio - on the MRX wireless speaker in another room.

**Next Generation Video Standard Ready** Supports pass-through for HDR10 and Dolby Vision. By connecting the source device, you can enjoy these latest video standards on a compatible display. What's more, all HDMI terminals support 4K, BT.2020, and HDCP 2.2, so you will have no problem when upgrading to new devices.

**Chromecast Built-In Features** Chromecast built-in, so you can use your mobile device to stream your favorite music, radio, or podcasts to your speaker. You can control the audio from anywhere in the house using Chromecast-enabled apps running on your personal device. Amplification Type: Direct Energy 130 W/ch (6 ohms, 1 kHz, THD 1.0 %, 1ch Driven)

## Features

### All Product Details

<b>Brand</b>	Pioneer
