

Pioneer Stereo Turntable

Audiophile sound combined with convenience, plus a high-performance cartridge and built-in phono stage. The Pioneer PL30 turntable comes equipped with a high-performance, high-output moving magnet stereo phono cartridge, pre-mounted and ready to play. A dual-layered chassis employs a 4mm-thick metal plate for increased mass and rock-solid sound and has been designed with a low center of gravity to provide stable playback. Also included is a tonearm cable fitted with gold-plated RCA connectors, a detachable AC power cord and a clear acrylic dust cover with removable hinges to keep the turntable pristine. Full-Automatic Operation Dual-Layered Chassis with 4mm thick Metal Plate Low Center of Gravity Built-in Phono Equalizer Turntable sheet Dust cover with removable hinges Adapter for EP Record Balance weight Headshell with high-performance MM cartridge Anti-Skating Dial for Accurate Tracking Speed & size selectors
