

# Bose Bass Module 700 - Black

PLEASE NOTE THIS PRODUCT IS NOT AVAILABLE IN ALL STORES BUT CAN BE ORDERED Exclusively for the Bose Soundbar 700 (sold separately), it's the best wireless bass module Bose has ever designed for any of their home cinema systems. It connects wirelessly to your soundbar and adds even more depth and impact to everything from explosive movie effects to house-rocking playlists. Beautiful inside and out With its premium glass-top finish, the Bose Bass Module 700 offers a sophisticated look you won't find in typical subwoofers or home cinema equipment. Of course, this isn't typical equipment. This subwoofer delivers a dynamic range of bass from a powerful driver and generously sized port with QuietPort technology that virtually eliminates distortion. So go ahead, turn up the music and feel that rhythm move through the house. The Bose Bass Module 700 is compatible with: Bose Soundbar 700, Bose Soundbar 500 & SoundTouch 300 soundbar
